

Michigan Assessment Consortium and Thinking Collaborative

Cognitive Coaching Advanced Seminar: Part 1 (Days 1-3)*

The Cognitive Coaching Seminar focuses on the maps and tools needed to mediate another's thinking in a dynamic, individualized way. Coaches are equipped with maps and tools which they use to assist the person being coached in 'navigating' the territory of thinking.

Part I of the Advanced Seminar provides refinement and depth of learning for those desiring to achieve expert proficiency in Cognitive CoachingSM. By participating in this seminar, learners will:

- ◆ Refine and extend core coaching capabilities and skills
- ◆ Develop skills and advanced forms of paraphrasing, probing for specificity, and inquiring to mediate the thinking of others
- ◆ Expand the possibilities of and applications for our identities as mediators
- ◆ Frame personal coaching mastery as a journey, not a destination

Trainer: Jane Ellison, Executive Co Director of Thinking Collaborative

Participants must have completed Cognitive Coaching Foundation Seminar[®] Days 1-8.
